

Monday, 5 November 2018

08:00 - 09:00

Registration & morning coffee/tea

Venue: Domkerk

09:00 - 10:30

Opening Plenary

Venue: Domkerk

Opening Address

Words of Welcome

Keynote Presentation: Earth System Governance: The Scope of the Challenge

Launch, *Earth System Governance* Journal (Elsevier)

Awarding of the 2018 Oran Young Prize

10:30 - 11:00

Coffee/tea break

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

11:00 - 12:30

Parallel Panels I

Architecture 1

Janskerkhof – 110

'Coalitions, Cooperation and Conflict in the Climate Change Negotiations'

Architecture 2

Janskerkhof – 116

'Environmental Security & Risk Management'

Agency 1

Paushuize – Luxembourg

'(New) Agents in Earth System Governance'

Agency 2

Paushuize – 's Jacobzaal

'Agency and the Private Sector: Entrepreneurship, Supply Chains and Certification'

Agency 3

Paushuize – Von Sinzendorf

'Power, Authority and Leadership in a Complex World'

Accountability 1

Paushuize – Koninginnenkamer

'Accountability and (Contested) Knowledge in Global Sustainability Governance'

Accountability 2

Huize Molenaar – Scheltema

'Law, Justice & Democracy in Climate Politics'

Accountability 3

UCK – Marnixzaal

'Democracy in Earth System Governance: Broadening the Conversation'

Allocation 1

Paushuize – Beelaerts van Bloklandzaal

'Exploring Access and Allocation – Part I'

Allocation 2

Paushuize – Bouillonzaal

'Fair Institutions'

Adaptiveness 1

Huize Molenaar – Tuinkamer

'Resilient Communities Part I – Adaptiveness on the Ground'

Earth System Governance 101

Huize Molenaar – Suite

'Introduction to the Earth System Governance Project'

12:30 - 13:30

Lunch

Venue: Paushuize

13:30 - 15:00

Semi-Plenary I – Architectures of Earth System Governance

Semi-Plenary II – Agency in Earth System Governance

Venue: Janskerk

Venue: Marnixzaal, UCK

The Institutional Diagnostic Approach to Earth System Governance
Governance for Sustainable Development: What Works When, How and Why
The Global Architecture of Sustainable Development Goals

Agency beyond the State: Harvesting Insights from the Earth System Governance Project
Cities in Earth System Governance
Systemic Risks: Challenges for Earth System Governance

15:00 - 15:30

Coffee/tea break

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

15:30 - 17:00

Parallel Panels II

Architecture 3

UCK – Marnixzaal

‘Assessing the Adequacy of the Global Climate Governance Complex après Paris – A Sectoral Perspective’

Agency 4

Paushuize – ’s Jacobzaal

‘Agents in Ocean Governance’

Accountability 5

Janskerkhof – 116

‘Participation and Accountability in Land and Resource Governance’

Architecture 4

Paushuize – Koninginnekamer

‘Ocean Governance’

Agency 5

Janskerkhof – 110

‘Between Local and Global: Collaboration, Diffusion and Influence’

Allocation 3

Paushuize – Beelaerts van Bloklandzaal

‘Exploring Access and Allocation – Part II’

Architecture 5

Paushuize – Von Sinzendorf

‘Transforming Biodiversity Governance – Part I’

Agency 6

Huize Molenaar – Scheltema

‘Governing Urban Nature for Sustainability: Complex Architectures & Emerging Agency – Part I’

Allocation 4

Janskerkhof – 117

‘Financing Mechanisms Through a Justice Lens’

Architecture 6

Paushuize – Luxembourg

‘Climate Change Governance: The Effectiveness and the Future of Climate Change Treaty Regimes’

Accountability 4

Paushuize – Bouillonzaal

‘Accountability in Extractive Industries Part I – Can Institutions Mitigate Extractivism’

Adaptiveness 2

Huize Molenaar – Suite

‘Governing Sustainable Plastic Transitions’

Adaptiveness 3
Huize Molenaar – Tuinkamer
'Resilient Communities Part II –
Urban Solutions'

Adaptiveness 4
Janskerkhof – 118
'Futures From the Bottom up:
Constructing Pluralistic Multi-
level Governance Pathways
Towards Global Goals'

17:15 - 18:45

Parallel Panels III

Architecture 7
Paushuize – Koninginnekamer
'Climate Change Governance:
Polycentricity, Municipalism,
Transnationality'

Architecture 8
Paushuize – Von Sinzendorf
'Transforming Biodiversity
Governance – Part II

Architecture 9
*Paushuize – Beelaerts van
Bloklandzaal*
'Whither Institutional
Complexity Research? Key
Theoretical, Methodological and
Empirical Issues and Trends'

Agency 7
Paushuize – Luxembourg
'Rethinking Agency in Earth
System Governance: Critique and
Suggestions'

Agency 8
Huize Molenaar – Tuinkamer
'Communities and Citizens as
Agents in Environmental
Governance – I'

Agency 9
Paushuize – Koninginnekamer
'Communities and Citizens as
Agents in Environmental
Governance – II'

Agency 10
Huize Molenaar – Scheltema
'Governing Urban Nature for
Sustainability: Complex
Architectures and Emerging
Agency – Part II'

Accountability 6
Paushuize – Bouillonzaal
'Accountability in Extractive
Industries Part II: Intersections in
a Complex World'

Accountability 7
Janskerkhof – 110
'Private and Sub-state Actors:
Accountability, Legitimacy and
Democracy'

Allocation 5
Huize Molenaar – Suite
'The Politics of Fossil Fuel
Subsidies and Their Reform:
Overcoming Carbon
Entanglement?'

Adaptiveness 5
Paushuize – 's Jacobzaal
'Adaptive Rationality: Managing
Uncertainty'

Concepts & Theories 1
UCK – Marnixzaal
'Novel Conceptualizations of
Earth System Norms, Law and
Time'

19:00

Welcome Reception

Venue: Domkerk

Tuesday, 6 November 2018

08:00 - 09:00

Morning coffee/tea

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

09:00 - 10:30

Parallel Panels IV

Architecture 10

Huize Molenaar – Suite
‘Unpacking Complexity:
Conceptual and Empirical
Accounts of Complexity in Earth
System Governance
Architectures’

Architecture 11

Paushuize – Koninginnenkamer
‘Trade, Law and the Environment’

Architecture 12

*Paushuize – Beelaerts van
Bloklendaal*
‘Earth System Governance for
Blue Growth’

Agency 11

Janskerkhof – 116
‘The Politics of Infrastructure’

Agency 12

Paushuize – Luxembourg
‘Connecting Knowledge and
Agency: Transdisciplinarity,
Assessments, Games and
Learning’

Accountability 8

UCK – Marnixzaal
‘Visions, the Future, and Just
Representation in the
Anthropocene’

Accountability 9

Paushuize – ‘s Jacobzaal
‘The Ethics of Future-Making in
the Anthropocene – Part I’

Allocation 6

Paushuize – Bouillonzaal
‘Just Transitions’

Allocation 7

Janskerkhof – 110
‘Access and Allocation of
Commons and Resources’

Allocation 8

Paushuize – Von Sinzendorf
‘Justice in Development’

Adaptiveness 6

Huize Molenaar – Scheltema
‘Adaptiveness Through
Transformation(s)’

Adaptiveness 7

Huize Molenaar – Tuinkamer
‘Climate-Related Extreme Events
and Oceans Governance’

Concepts & Theories 2

Janskerkhof – 117
‘Transformation as a Boundary
Concept in Earth System
Governance’

10:30 - 11:00

Coffee/tea break

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

11:00 - 12:30

Semi-Plenary III – Accountability and Democracy in Earth System Governance

Semi-Plenary IV – Allocation and Equity in Earth System Governance

Venue: Janskerk

Venue: Marnixzaal, UCK

Democracy in Earth System Governance
Accountability in Earth System Governance: Findings from the Project’s Accountability Taskforce
Legitimacy in Earth System Governance

Allocation and Access in the Context of Climate Change and Land Equity Matters for Global Food Security and Sustainability
From Environmental Equity to Planetary Justice

12:30 - 13:30

Lunch

Venue: Paushuize

13:30 - 15:00

Parallel Panels V

Architecture 13

UCK – Marnixzaal

‘The Promise and Limits of Polycentric Climate Governance’

Architecture 14

Paushuize – Beelaerts van Bloklandzaal

‘Climate Change Governance: Treaty Implementation, Polycentricity, National-local Linkages’

Agency 13

Paushuize – Luxembourg

‘Transnational Governance and the UN Sustainable Development Goals: Exploring New Frontiers’

Agency 14

Huize Molenaar – Suite

‘New Alliances, Governance Coalitions and Networks’

Agency 15

Paushuize – Bouillonzaal

‘Tipping Points, Transformation and Systemic Change’

Accountability 10

Paushuize – Koninginnkamer

‘Expertise, Knowledge and Participation in Governance’

Accountability 11

Paushuize – ‘s Jacobzaal

‘The Ethics of Future-Making in the Anthropocene – Part II’

Allocation 9

Janskerkhof – 116

‘How Knowledge and Vulnerability Matter for Justice’

Adaptiveness 8

Paushuize – Von Sinzendorf

‘Adaptiveness in Earth System Governance Research: Taking Stock and Looking Ahead’

Adaptiveness 9

Huize Molenaar – Scheltema

‘Urban Resilience: Choices, Visions, Politics, and Governance Approaches’

Concepts & Theories 3

Janskerkhof – 117

‘Fragmentation and Integration in Earth System Governance’

Concepts & Theories 4

Huize Molenaar – Tuinkamer

‘Bridging the Global-Local Divide in Earth System Governance’

15:00 - 15:30

Coffee/tea break

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

Plenary Session – Earth System Governance Research: Taking Stock and Moving Forward

15:30 - 17:00

Venue: Domkerk

Earth System Governance Research: Taking Stock after 10 Years

Earth System Governance: The New Science Agenda

19:00 - 22:00

Conference Dinner

Venue: Spoorwegmuseum

Wednesday, 7 November 2018

08:00 - 09:00

Morning coffee/tea

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

09:00 - 10:30

Parallel Panels VI

10:30 - 11:00

Architecture 15

*Paushuize – Beelaerts van
Bloklandzaal*

‘Climate Change Governance:
Inter-linkages and Governance
Strategies’

Architecture 16

Paushuize – Luxembourg

‘Governance Theory and
Governance Strategy: Integration,
Interplay, Synergies, Issue
Coupling’

Agency 16

UCK – Marnixzaal

‘Climate Politics: Negotiation,
Cooperation and Leadership’

Agency 17

Huize Molenaar – Scheltema

‘Transnational Private
Sustainability Governance: Taking
Stock and Exploring New Research
Frontiers’

Agency 18
Huize Molenaar – Tuinkamer
 ‘Cities and City Networks as Agents in Environmental Governance’

Accountability 12
Janskerkhof – 117
 ‘Localness of Earth System Governance: Smallholders and Communities and the International Environmental Regime Complex’

Allocation 10
Janskerkhof – 118
 ‘Gender, Fairness and Justice’

Allocation 11
Paushuize – Koninginnkamer
 ‘Operationalizing Planetary Justice’

Adaptiveness 10
Huize Molenaar – Scheltema
 ‘Perspective Matters: Scales, Levels and Constructions’

Adaptiveness 11
Paushuize – Bouillonzaal
 ‘Institutional Shifts, Shifting Institutions’

Concepts & Theories 5
Janskerkhof – 110
 ‘Model-based Research Approaches’

Concepts & Theories 6
Janskerkhof – 116
 ‘Scenarios, Foresight and Anticipation’

Concepts & Theories 7
Paushuize – Von Sinzendorf
 ‘Novel Technologies in Earth System Governance’

Earth System Governance 101
Paushuize – ’s Jacobzaal
 ‘Introduction to the Earth System Governance Project’

Coffee/tea break

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

11:00 - 12:30

Semi-Plenary V - Adaptiveness and Transformation

Semi-Plenary VI - Concepts and Theories

Venue: Janskerk

Venue: Marnixzaal, UCK

Global Transformation: A View from Africa
 Transforming Global Governance for Sustainability
 Meeting the Sustainable Development Goals and Achieving 1.5C: A Challenge of Transformation

The United Nations and Earth System Governance
 International Environmental Law and Earth System Governance
 The Conceptual Foundations of Earth System Governance

12:30 - 13:30

Lunch

Venue: Paushuize

13:30 - 15:00

Parallel Panels VII : Innovative Sessions

Innovative Session 1
Huize Molenaar – Suite
‘Anticipatory Climate
Governance in the World’s Most
Vulnerable Regions’

Innovative Session 5
Huize Molenaar – Tuinkamer
‘Low-Carbon Finance’

Innovative Session 9
Paushuize – Konginnekamer
‘Roundtable on Knowledge
Production and Validation in
Global Megatrends and Earth
Systems Governance: Power,
Gender and Intersectional Issues’

Innovative Session 2
Janskerkhof – 110
‘From Tragedy to Survival?
Remembering 50 years of the
Theory of the Commons’

Innovative Session 6
Paushuize – Bouillonzaal
‘Visualising Data in an Age of
Institutional Complexity’

Innovative Session 10
Paushuize – Luxembourg
‘Meet Your Journal Editors and
Publishers’

Innovative Session 3
UCK – Marnixzaal
‘Governing Geoengineering: How
to Bring Accountability,
Legitimacy, and Democracy to
Climate Engineering’

Innovative Session 7
Paushuize – Von Sinzendorf
‘Roundtable Discussion on the
Role of Philanthropic
Foundations in Environmental
Governance’

Innovative Session 11
*Paushuize – Beelaerts van
Bloklandzaal*
‘Beyond Cockpit-ism’

Innovative Session 4
Huize Molenaar – Scheltema
‘How can the Earth System
Governance Community
Effectively Contribute to the
Implementation of the SDGs?’

Innovative Session 8
Paushuize – ’s Jacobzaal
‘Roundtable Discussion on Mineral
Governance for Green
Technologies’

15:00 - 15:30

Coffee/tea break

Venues: Paushuize, Huize Molenaar, UCK, Janskerkhof 2-3

15:30 - 17:00

Parallel Panels VIII

Architecture 17
Paushuize – Koninginnekamer
‘Governance Innovations: SDGs,
Digital Solution, Visualization’

Architecture 18
Paushuize – Von Sinzendorf
‘Water Governance:
Collaboration, Interplay and
Local Varieties’

Agency 19
Janskerkhof – 117
‘Discourses, Meaning and Sense-
making in Environmental’

Agency 20
Paushuize – ’s Jacobzaal
‘Follow the Money: Financial
Actors in Climate Politics’

Allocation 12
Paushuize – Luxembourg
‘Foundations for Planetary Justice
in Earth System Governance’

Allocation 13
Paushuize – Bouillonzaal
‘Access and Equity for Resilience
and Transformative Forest
Governance to Tackle Climate
Change and Biodiversity Loss in a
Complex World’

Adaptiveness 12
*Paushuize – Beelaerts van
Bloklandzaal*
‘Be Prepared! Learning to Live
with Climate Change’

Adaptiveness 13
Janskerkhof – 116
‘Together We Prevail, Divided We
Fail: Collaborative Governance’

Adaptiveness 14
Huize Molenaar – Suite
‘Scaling up Successful Strategies
for Climate Change Adaptation
and Transformations of Earth
System Governance through
Archetype Analysis’

Concepts & Theories 8
Janskerkhof – 118
‘Complexity and Systems-
Oriented Approaches’

Concepts & Theories 9
Huize Molenaar – Scheltema
‘Mobilizing the Future for Earth
System Governance’

Concepts & Theories 10
UCK – Marnixzaal
‘Climate Engineering: An Emerging
Challenge for Earth System
Governance’

Concepts & Theories 11
Huize Molenaar – Tuinkamer
‘Science, Knowledge and
Uncertainty’

17:15 - 18:15

Closing Plenary

Venue: Domkerk

Reflections on the 2018 Utrecht Conference
State of Earth System Governance Research
I-Have-a-Dream! Visions for the Future of Our Community
Announcement of 2019 conference on Earth System Governance
Vote of Thanks

18:30 – 00:00

Research Fellows Party

Venue: EKKO
